FOURTH INFORMATION DISCLOSURE STATEMENT

Pursuant to the provisions of 37 C.F.R. §§ 1.56, 1.97 and 1.98, Applicants are enclosing copies of two documents which may be material to examination of the present application.

More specifically, Applicants cited copending U.S. Serial No. 10/140,658 in a prior Information Disclosure Statement (IDS). Two of the enclosed documents (WO 98/21734

and US 2002/0018334 A1) were each recently cited in a PCT application which corresponds to copending U.S. Serial No. 10/140,658. Of these, WO 98/21734 has an English abstract, but is otherwise in the German language. Therefore, as a courtesy to the Examiner, Applicants are enclosing a copy of U.S. Patent No. 6,162,657, which is an English-language counterpart of WO 98/21734. Each of the enclosed documents is listed on enclosed Form PTO-1449.

A final Office Action was previously issued in the present application, but then was withdrawn. MPEPS609(B)(2) specifies that, where a final action is issued and then withdrawn, the patent application is treated as not having had a final action for purposes of consideration of an IDS. Consequently, the present IDS is effectively being submitted under 37 C.F.R. §1.97(c), or in other words after issuance of a first Office Action but before issuance of a final rejection. An enclosed check includes the fee of \$180.00 for submission of IDS at this point in the examination process.
